- ✓ Be the first to see a presentation on risks inherent in video, computer and cell phone games, along with a variety of new communication devices.
- ✓ Hear from experts and get the A-Z guide on the latest from Avatar to Juicy Campus to You Tube.
- ✓ Find out why kids today admit they do not want parents to know who they chat with and that 43% of kids have been cyber bullied.
- ✓ Find out about education and community resources available to help *your* family deal with this rapidly changing world of communications and entertainment.
- ✓ Pick up a wide variety of resource materials from non-profit organizations such as Common Sense Media, the Centers for Safe and Responsible Internet Use and the San Clemente Parent Project.
